

Clean CA Grant Application: Community Survey

What's the Survey About?

The State of California, through the Caltrans Clean Program Grant, is providing grants to cities in California that have trash and debris buildup along freeways, highways, and other public streets. Local cities are encouraged to apply for up to \$5 million dollars in grants to resolve trash and other near roadway issues. The grants can be put towards monitoring, organizing volunteer groups, and cleaning up roadway edges / open space areas near roadways. It can also be used for building public trails, plazas, community gardens as well as to provide for lighting, improved fencing, trail heads, interpretive panels, and public art.

How Can I Participate?

Please help the City of National City define what the grant should include for areas on the east side of I-805 going from the northern to southern boundaries of National City. Click the link below to take the survey!
